<http://mrc.wayne.edu/>

313-966-2233 (Yang Xuan) 3T/7T
313-577-1747 (Robin Roberts) 3T and 7T

Harper Hospital Entrance (Building "K"): 3T magnet

1. Take the Harper Hospital elevators to the Ground floor.
2. Follow signs to the "tunnel" there should be an arrow pointing to the WSU MR Research Facility at the red triangle in the rug turn left into the Clinical MRI area (should see an MRI sign on the archway).
3. Walk down the long Clinical MRI Hallway through another set of doors into a carpeted area the is carpeted area is the MR Research Facility we are located in room G030 under the second skylight in the MR Research area.

Address:

Harper University Hospital
WSU MR Research Facility
3990 John R Street
Detroit, MI 48201

University Health Center Entrance (Building "J"): 3T magnet

1. Take the elevators down to the ground floor and follow the hall with all the artwork on the walls to a set of steel doors that lead into the tunnel to Harper Hospital. There is writing on the tunnel walls directing you to Harper Hospital.
2. Just before you get to Harper Hospital; you'll see a red triangle in the rug floor (should see a sign in the archway saying MRI). Turn right though a set of automatic doors into the MRI Clinical area. Follow the long hallway down to the MR Research Facility. Our area has rugs while the clinical area is bare floor.
3. Go through the doors from the Clinical MRI area to the Research MRI area. The Main office is room G030. Dr. Haacke's office is just inside this area.

Address:

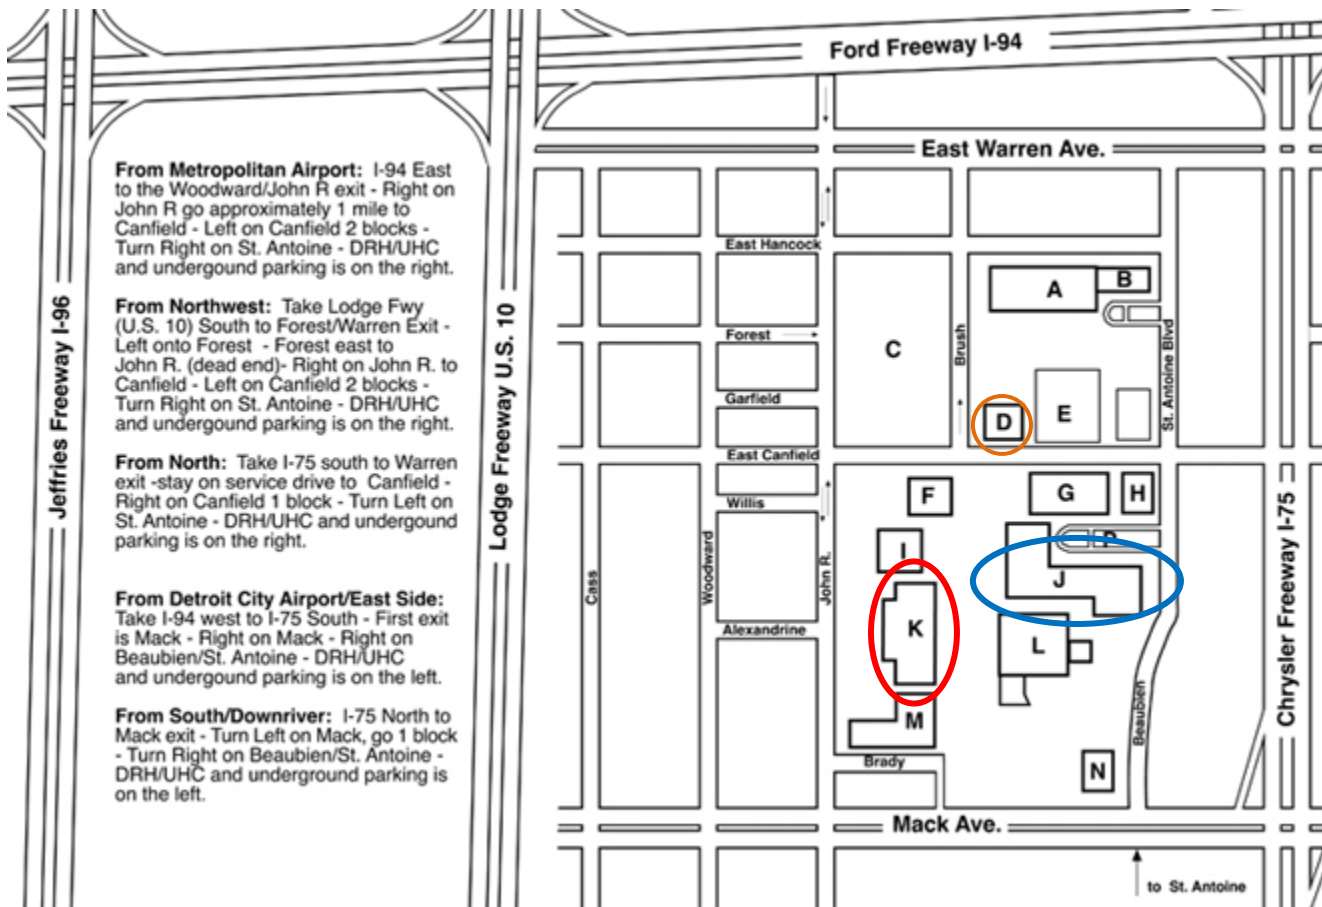

Harper University Hospital
WSU MR Research Facility
3990 John R Street
Detroit, MI 48201

Louis M. Elliman Building Entrance (Building "D"): 7T magnet

1. Enter the Elliman building through the front entrance on Canfield Street (421 Canfield). You must have a coded one-card or call the 7T MRI center using the phone system and have someone open the door.
2. Go to the elevators straight ahead and take them down to the basement.
3. Once the elevators open, take the hallway left and follow it to the end. There will be the 7T lab, room 0121 Elliman.

Address:

Louis M. Elliman
WSU MR Research Facility
540 E. Canfield
Detroit, MI 48201
